

www.blackinton.com (800) 699-4436

When specifying color on your orders please reference the Blackinton® reference number listed below.

The colors below are representative of our standard color offering. Hard Enamel (fired glass) and color in the engraved lettering of badges are both not represented below.

If a color outside of our standards is required please contact your Blackinton® Sales Representative (800) 699-4436.

When you see Wizard Color this signifies the color our Wizard Ordering System assigns for your product. If you would like a color different than the choices in Wizard you need to indicate the Blackinton® color reference number in special instructions.

Due to variations among printers, computer screens, and manufacturing processes the colors that appear above might not be exact to the finished product. We try to make our colors as accurate as possible, but due to conditions beyond our control this chart is intended as a guide only.
